Imagine life in perfect balance.

A life in which your talents are recognized and rewarded. One bestowed with unlimited opportunity. At the same time, imagine your life being simpler, too. Envision living with less traffic, less crime, and less pollution.

We urge you to take a few minutes to play this DVD to hear first hand about excellent physician incomes and outstanding clinical and practice support. You'll see two picturesque small towns with four universities and virtually no managed care. And, in just a few minutes, we think you'll make a remarkable discovery – that practicing medicine can be so much more than you ever imagined.

- *Four universities and a world-renowned school of music.*
- *A hospital that invests in technology, facilities, and people.*
- *Living that's balanced.*
